SECTION-I
INSTRUCTIONS TO BIDDERS

1.1. INSTRUCTIONS:

- 1.1.1. Maharashtra State Mining Corporation, Nagpur, invites "Online Bid" (through open domestic e-tendering), from the eligible Bidders for Beneficiation of RoM Coal and supply of Beneficiated Coal (Washed Coal) to various TPS of MAHAGENCO as per the delivery schedule on the terms and conditions specified in this document.
- 1.1.2. The Notice Inviting Tenders (NIT) shall be available for download as per schedule mentioned under the Data Sheet.
- 1.1.3. Bidders shall submit their offers online at **Mahatenders.gov.in** and also in physical form as prescribed in Clause 1.2. **It is mandatory for the Bidder to submit the offer in both mode i.e. "Online Bid" and "Physical Bid". In case of non-receipt of any of "Online Bid" and/or "Physical Bid" within the prescribed schedule, such incomplete Bids shall be ignored summarily.**
- 1.1.5 The "Physical Tender" should be sent by Regd. Post A.D./ Speed Post / Courier only. Hand delivery of "Physical Tender" is not allowed. Telegraphic/ FAX/ Telex message Bids will not be accepted under any circumstances.
- 1.1.4. The "Physical Tender" received after the hour and the date, so fixed above, will not be considered and no further correspondence will be entertained in such matter.
- 1.1.5. Bidder's authorized representatives (up to two persons only) may attend the Bid Opening. The Technical Bids will be opened on the due date and the Price Bids of the qualified Bidders will be opened at later date, which will be intimated to the qualified Bidders.
- 1.1.6. In case, the scheduled date of opening of Bids happens to be a holiday, the bid shall be opened on the next working day.
- 1.1.7. At the time and date notified for opening of the tenders, the Technical Bids will be opened and the bids, which do not contain Demand Draft for Tender Fee and Bid Guarantee for Earnest Money Deposit of the requisite amounts, will be disqualified and will be rejected outright.

1.2. PREPARATION OF THE BIDS AND SUBMISSION:

- 1.2.1. Tender Specification and Bidding Documents may be downloaded from the Website **Mahatenders.gov.in** (for viewing, downloading & on-line submission)
- 1.2.2. Bidders shall submit their tenders through e-tendering. The "**Online Bids.**" and "**Physical Bids**" shall be submitted as prescribed below. Bidder should understand the e-tendering procedure thoroughly and then fill up/ submit the bids. No excuse of insufficient knowledge of e-tendering process shall be accepted.

1.2.3. Any deviation/ modification/ discrepancy between the Data/Details/ Documents of the bids submitted by the Bidder in the "**Online Bids**" and the "**Physical Bids**" is not allowed and would be liable for rejection.No further communication in the matter shall be entertained.

1.2.4. Submission of "**Online Bids**"

- a) For submission of "**Online Bids**", Bidders are required to obtain Digital Signature Certificate (meant for e-tendering) by authorized agencies. Only the bidder, in whose name the Digital Signature Certificate / Registration is obtained, can submit the "**Online Bids**". Further the same shall not be transferable.In case submission of bid by JV/Consortium, the Lead Member shall be required to apply for registration of JV/Consortium using the Digital Signature Certificate of the Lead Member and shall be required to specify that the registration / submission is being made for and on behalf of the JV/ Consortium.
- b) Bidders shall fill-up, submit "**Online Bids**" in the formats provided in the Bidding Documents. Bidder shall also upload the required documents as prescribed in Clause 1.2.6.
- c) Bidder shall make online submission of the scanned copies of its documents submitted as part of submissions made in physical copies.

1.2.5. Submission of "**Physical Bids**":

- a) Physical copies of the requisite submissions under Clause 1.2.6 shall be made through a sealed envelope superscripted as "**Physical Bids**" along with Tender Details and also the details of the Bidder and its proposal number.
- b) Bidders shall submit **Two Copies** of their "**Physical Bids**" in two separate envelopes before the scheduled time and date of submission.
- c) Each copy of envelope for Physical Submission of Bids shall contain following two envelopes :
 - i. The first envelope, superscripted as "**Tender Fee and Earnest Money Deposit**" shall contain the Demand Draft towards Tender Fee and an unconditional and irrevocable Bid Guarantee as Earnest Money Deposit (As per Annexure-IV).
 - ii. Second envelope superscripted as "**Technical Bid**", shall contain the documents as required under Clause 1.2.6 duly filled, signed and sealed by the Bidder's Authorised Signatory along with other required Annexures attached with this Document.
- d) On the Scheduled Date, envelope containing "Tender Fee and EMD" will be opened

first, followed by the "**Technical Bid**" envelope. Bids which do not contain Demand Draft for the payment of Tender Fee and/or Bid Guarantee for the payment of Earnest Money Deposit, as per the prescribed format may be rejected and MSMC may choose not to open "Technical Bid" envelopes of those Bids.

- e) Additionally, Bidders are not required to submit their Price Bids as part of their "**Physical Bids**", the same shall be submitted as part of "**Online Bids**" in case **the bidder submits its Price Bid as part of its "Physical Bid" the Bid will be rejected summarily.**
- f) Bids shall be fully in accordance with the requirement of this document and the Specifications attached thereto.
- g) All information in the bid shall be in English only; Erasures and other changes shall be accompanied with the initials of the person signing the Bid.

1.2.6. Submission of the Required Documents:

Tender specification warrants the submission of several documents to ascertain that Bidder meets the Minimum Qualifying Requirements and other technical and commercial requirements prescribed in the tender specification. Bidder shall therefore understand the requirements and submit the documents strictly as prescribed below. Any deviation to this is liable for disqualification of the bids/ bidder.

All information in the bid shall be in English only; Erasures and other changes shall be noted over the initials of the person signing the Bid.

1.3. TENDER FEE AND BID GUARANTEE/ E.M.D.

1.3.1. The bidder shall pay a non-refundable tender fee of Rs. 5,00,000/- (Rupees Five Lakhs only) by way of Crossed Demand Draft or Banker's Cheque in the name of MSMC Limited., payable at Nagpur.

1.3.2. Earnest Money Deposit (EMD) shall be furnished by the Bidder in proportion to the quantity offered by the Bidder at the rate of Rs. 30 lakh for each One Million Metric Tonnes quantity offered. However, minimum EMD shall not be less than Rs.3,00,00,000 /- (Rupees Three Crores Only). The EMD shall be paid by way of an unconditional and irrevocable acceptable Bank Guarantee, in the form of the proforma as per Annexure-IV, from any of the following :

- (1) All Indian Nationalized Banks including Public Sector Bank

- (2) All Private Sector Banks,
- (3) All Commercial Banks

- 1.3.3. The initial validity of the above Bank Guarantee shall be at least for 180 days from the scheduled date of opening of Technical bid and the same shall be extended as may be required. Bids with Bank Guarantee of shorter period may be rejected.
- 1.3.4. Any bid not accompanied by Tender Fee and Bid Guarantee of the amount specified in clauses 1.3.1 & 1.3.2 or of less than the amounts specified in the above clauses shall be disqualified.
- 1.3.5. After issue of Letter of Intent (LoI) by MSMC, bidder has to submit the acceptance of LoI and Security Deposit-cum-Performance Bank Guarantee (SD-cum-BG) as per format of MSMC [Annexure-XI] which shall be submitted to MSMC. Bidder has to Security Deposit-cum-Performance BG within 15 days from the date of issue of LoI along with acceptance of LoI. After lapse of 15 days, if Successful Bidder not submitting SD-cum-BG, RPAD notice will be issued to the Successful Bidder mentioning that on failing to submit SD-cum-BG within next 07 days from the date of issue of RPAD notice, the EMD will be forfeited. However, MSMC at their discretion may decide and extend the time for submission of SD-cum-PBG.
- 1.3.6. In case, Successful Bidder does not respond within notice period or withdraws its offer, its EMD shall be forfeited and such Bidder will be banned from participating in MSMC's tenders for the period of one year.

Detailed order shall be issued only after submission of Security deposit-Cum-Performance Bank Guarantee. The Contract Agreement unless otherwise agreed to shall be signed by the Successful Bidder within 30 days from the date of Detailed order at MSMC's office on the date and time mutually agreed upon. The EMD of the Successful Bidder will be returned only after furnishing of Security Deposit – cum- Performance bank Guarantee and signing of the Contract Agreement.

- 1.3.7. EMD of unsuccessful bidders shall be refunded on finalization of the Tender i.e. acceptance of the Tender of Successful Bidder and submission of SD by the Successful Bidder. The **BG/ EMD** will be returned to the respective Bidders on their request along with original money receipt of MSMC towards EMD and advance stamped receipt of the same amount.
- 1.3.8. No interest shall be payable on Bid Guarantee and the Earnest Money Deposit.

1.4. SIGNATURE ON BIDS:

- 1.4.1. The "On-Line Tender" shall be submitted with the Digital Signature Certificate (meant for e-tendering) of the Authorized Signatory of the bidder. The authorization shall be

evidenced by way of Power of Attorney Executed by bidder in favour of the Authorized Signatory. The "Physical Bid" must contain the name, designation and place of Business of the person with Phone and Fax Nos. of persons making the bid and must be signed and sealed by the Bidder with his usual signature by the same person submitting the "Online Bid"

- 1.4.2. Bid by a Joint Venture or Consortium must be furnished with the full names of both partners and be signed with the partner's name, by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the person or persons signing. in case of JV/Consortium the Second Member shall be required to execute Power of Attorney in favour of the Lead Member for acting as Member in Charge for all correspondences and the Lead Member shall be required to execute power of attorney in favor of the Authorize signatory who shall be authorized for and on behalf of the JV/Consortium. Bids by corporations / companies must be signed with the legal name of the Corporations/Companies by the Director who is entitled to bind the corporation/company in the matter.
- 1.4.3. Each page of the Technical Bid of Physical Bid has to be numbered consecutively, signed and sealed.

1.5. **Minimum Qualification Requirements**

- 1.5.1. The bidder can be a single Bidder, bidding on his own, or on a joint-venture/consortium comprising not more than two members. A party cannot submit multiple bids, either as a single bidder or as part of a joint venture /consortium basis by forming multiple consortiums with different members and no bid shall be accepted in the event where any of the related party/affiliate/associate has submitted bid in individual capacity or as a member of JV/Consortium. *An affidavit cum undertaking to this effect shall be submitted by the bidders along with bid.*

1.5.2. **Technical Criteria**

A) **Category A**

Under Category A, the Bidder can only be a single bidder. Further, the said Bidder shall be prohibited for submitting multiple bids either directly or through any of the related party/affiliate/associate. An affidavit cum undertaking to this effect shall be submitted by the Bidders along with Bid.

To qualify technically, Bidders shall satisfy all the following minimum threshold criteria.

- 1) The Bidders shall have own beneficiation plant with renowned technology for wet beneficiation of raw coal such as JIG or Heavy Media or Dense Media or FBC Technology.

- 2) The Bidder shall have own beneficiation plant located in vicinity of any one of the three subsidiaries i.e. South Eastern Coalfields Limited, Western Coalfields Limited and Mahanadi Coalfields Limited from where the FSA has been allotted to MAHAGENCO.
- 3) The Bidder should have own private Railway siding or should have tied up with other Railways siding for dispatch of Coal. The railway siding should be approved for Coal dispatches. The Railway approval for the siding for dispatch of coal shall be treated as approval for loading Rakes with 'C' priority. The railway siding can be goods shed siding for loading of Washed coal to MAHAGENCO TPS.
- 4) The Bidder must have executed the work of lifting and beneficiation of an average quantity of 1.50 million metric tons per annum (1.50 MMTPA) of RoM coal and supply of beneficiation coal (Washed Coal) in the last three financial year (2016-17, 2017-18 and 2018-19).The Bidder shall have to indicate the beneficiation work carried out in the last three years in (i.e. 2016-17, 2017-18 and 2018-19) in Annexure-III showing the details of Customers, Year-wise Quantity of Raw Coal lifted Washed and dispatches by Rail along with the washing technology deployed for the same.
- 5) The Bidder must have supplied beneficiated coal to any state electricity Board or Central Government owned Company or any state owned company or supply to independent Power Producer (IPP)(not Captive).The Bidder should have executed the contracts successfully to the satisfaction of the order placing party without any default.
- 6) The Bidder shall have to submit the experience/performance certificate(s) in original in this regard. The experience / performance certificate(s) should reflect minimum quantities as stated above for minimum qualifying criteria. Bidder should submit the following documents as supportive evidence;
 1. If the railway siding is owned by the bidder :
 - a. Final siding Agreement with the Indian railways.
 - b. Rail Transport Clearance issued by the Indian railways.
 - c. Any other supporting documents required to establish/ use of the siding for the project.
 2. If the railway siding is not owned by the bidder :
 - a. Valid lease Deed/ Agreement with the owner of the siding or No Objection certificate from the owner of siding as per Annexure - XII.
 - b. Rail Transport Clearance issued by the Indian railways.
 - c. Any other supporting documents required to establish/ use of the siding for the project.

Note.

- 1) Bidder shall have to submit Capacity of beneficiation plant, quantity of Beneficiation presently being carried out for the FSA linked consumers and the spare capacity.
- 2) The Bidder should offer minimum quantity of 1 MMTPA from any one of the three subsidiaries i.e. South Eastern Coalfields Limited, Western Coalfields Limited and Mahanadi Coalfields Limited. However, the Bidder may offer maximum quantity upto the approved capacity, as approved by the state pollution control boards of their Washery or their available spare capacity whichever is lower.

B) Category B

Under Category B, the Bidder can be a joint-venture/consortium comprising not more than two members. To qualify technically, Bidders shall (in case of JV/Consortium either jointly or severally) satisfy all the following minimum threshold criteria.

- 1) The Bidder shall have own beneficiation plant with renowned technology for wet beneficiation of raw coal such as JIG or Heavy Media or Dense Media or FBC Technology.
- 2) The Bidder shall have own beneficiation plant located in vicinity of each of the three subsidiaries i.e. South Eastern Coalfields Limited, Western Coalfields Limited and Mahanadi Coalfields Limited from where the FSA has been allotted to MAHAGENCO. However, in case of Joint Venture / Consortium either of the members individually or collectively shall have beneficiation plant located in vicinity of each of the three subsidiaries i.e. South Eastern Coalfields Limited, Western Coalfields Limited and Mahanadi Coalfields Limited from where the FSA has been allotted to MAHAGENCO.
- 3) The bidder should have own private Railway siding or should have tied up with other Railways siding for dispatch of coal. The railway siding should be approved for Coal dispatches. The Railway approval for the siding for dispatch of coal shall be treated as approval for loading Rakes with 'C' priority. The railway siding can be goods shed siding for loading of Washed coal to MAHAGENCO TPS.
- 4) The bidder must have executed (in case of JV/Consortium on collectively / aggregate basis executed) the work of lifting and beneficiation of an average quantity of 3.00 million metric tons per annum (3.00 MMTPA) of RoM coal and supply of beneficiation coal (Washed Coal) in the last three financial year (2016-17, 2017-18 and 2018-19).
- 5) The bidder must have supplied beneficiated coal to any state electricity Board or Central Government owned Company or any state owned company or supply to Independent Power Producer(IPP)(not Captive).
- 6) The Bidder shall have to indicate the beneficiation work carried out in the last three

years in (i.e. 2016-17, 2017-18 and 2018-19) in Annexure-III showing the details of Customers, Year-wise Quantity of Raw Coal lifted, Washed and dispatches by Rail along with the washing technology deployed for the same.

- 7) The bidder should have executed the contracts successfully to the satisfaction of the order placing party without any default. The Bidder shall have to submit the experience/performance certificate(s) in original in this regard. The experience / performance certificate(s) should reflect minimum quantities as stated above for minimum qualifying criteria.
- 8) MAHAGENCO TPS. In this regard, Bidder should submit the following documents as supportive evidence;
 2. If the railway siding is owned by the Bidder :
 - a. Final siding Agreement with the Indian railways.
 - b. Rail Transport Clearance issued by the Indian railways.
 - c. Any other supporting documents required to establish/ use of the siding for the project.
 3. If the railway siding is not owned by the bidder :
 - a. Valid lease Deed/ Agreement with the owner of the siding or No Objection certificate from the owner of siding as per Annexure - XII.
 - b. Rail Transport Clearance issued by the Indian railways.
 - c. Any other supporting documents required to establish/ use of the siding for the project.

Note

- 1) Bidder (in case of JV/Consortium, all the members) shall have to submit Capacity of beneficiation plant, quantity of Beneficiation presently being carried out for the FSA linked consumers and the spare capacity.
- 2) The Bidder should offer minimum quantity of 2 Million MTPA from each of the three subsidiaries i.e. South Eastern Coalfields Limited, Western Coalfields Limited and Mahanadi Coalfields Limited. However, the Bidder may offer maximum quantity up to the approved capacity, as approved by the state pollution control boards of their Washery or their available spare capacity whichever is lower.

1.5.3. Financial Criteria

A) Category A

The Bidder must demonstrate sound financial status as defined under this clause to the satisfaction of MSMC:

1. As on 31st March 2019, the bidder should have a net worth of atleast Indian Rupees 150 Crores and a Turnover of atleast Indian Rupees 200 Crores.
2. Credit Limits as on the date not prior to 15 days before the last date of submission of Bid along with bank references of the bidder

B) Category B

The Bidder must demonstrate sound financial status as defined under this clause to the satisfaction of MSMC:

1. As on 31st March 2019, the Bidder (in case of consortium, aggregate of both the members) should have a Networth of atleast Indian Rupees 250 Crores and a Turnover of atleast Indian Rupees 450 Crores.
2. Credit Limits as on the date not prior to 15 days before the last date of submission of Bid along with bank references of the Lead Member of the Joint venture / consortium.

1.5.4. Documentary Evidence

- 1) Copy of Annual Reports consisting audited financial statements for the last 3 financial years (i.e. 2016-17, 2017-18 & 2018-19), bank credit limits, bank references, etc. of the bidder, and in the case of joint venture/consortium bidders, of all members of the joint-venture/consortium shall be attached.
- 2) Certificate issued from the bank substantiating the submissions made by the Bidder under 1.5.3(2). This shall be supplemented with the list of Banks from which references can be obtained with the contact details i.e. Address, Telephone and Fax Nos. Listing of Bankers shall be deemed an authorization by the bidder/Joint Venture / Consortium of multiple bidders for MSMC to request such references and for the bankers to release them to MSMC.

1.5.5. In case annual accounts for the financial year 2018-19 are not audited, provisional balance sheet duly certified by statutory auditor shall be submitted.

1.5.6. All the bidders (Category-A as well as Category-B)including all members of the JV/Consortium shall submit an affidavit cum undertaking to the effect that

- 1) There exist no litigation, restriction, impediment, Insolvency Proceeding, existing or threatened against the bidder, which may have a material adverse effect on the ability of the bidder for due performance of the tender (if awarded

- 2) None of the contracts awarded to the Bidder by any Government company/undertaking/department has been terminated, foreclosed on account of default by the bidder or its incapacity to perform the contract obligations,
- 3) There exist no ongoing blacklisting / debarment against the Bidder from participation in any government tenders;
- 4) Bidder's Bank Guarantee has not been invoked by any Government company/undertaking on account of its failure to carry out any tender milestone/obligation;

1.5.7. In the event of the bidder being a joint venture/consortium formed of two members, the MSMC requires that all the members of the joint venture/consortium should satisfy conditions as per Clause 1.5.6 jointly and severally, and accept all responsibility and obligations under this document jointly and severally.

1.5.8. Bids submitted by a joint venture/consortium all the members shall comply with the following requirements:

- a) The bid, and in case of a successful bid, the Contract Agreement shall be signed so as to legally binding on all.
- b) One of the members to be In-charge and this authorization shall be evidenced by submitting a power of attorney signed by legally authorized signatories of the other member.
- c) The member In-charge shall be authorized to incur liabilities and receive instructions on behalf of any one or of all members of the joint venture/consortium and the entire execution of the contract including payment shall be done exclusive with the member in charge.
- d) All member of the joint venture/consortium shall be liable jointly and severally for the execution of the contract in accordance with the contract terms, and a relevant statement to this effect shall be included in the authorization mentioned above.
- e) A copy of the joint venture/ consortium agreement entered into by the members shall be submitted with the bid.
- f) In case of bidding through a joint-venture/ consortium basis, no change in the joint venture/consortium partners will be allowed without the prior permission of the MSMC.

1.5.9. Notwithstanding anything stated above, the MSMC reserves the right to assess the credibility, capability and capacity to perform the contract, should circumstances warrant such an assessment in the overall interest of the MSMC, and bidder shall furnish all other

required documents to the MSMC.

- 1.5.10.** Bidder (in case of JV/Consortium, all the members) has to submit the details of Directors/Partners on their respective board and stake holding pattern, as on date of submission of Bid. The bidder has to submit the certified copies of the information regarding Board of Directors/Partners including their percentage share in the entity, on the date of submission of Bid.
- 1.5.11.** The MSMC also reserves the right to seek such additional information as it may deem fit to satisfy itself of the eligibility of the Bidder.

1.6 OTHER SPECIAL INSTRUCTIONS:

- 1.6.1** The tender quantity is for beneficiation of RoM Coal of average 10 Million Metric Tonnes per annum from WCL Collieries, 7 Million Metric Tonnes per annum from SECL Collieries and 5 Million Metric Tonnes per annum from MCL Collieries. However, it may vary widely depending upon the decision of MSMC and allocation of coal by WCL/SECL/MCL from time to time.

For any of MAHAGENCO's TPS, if additional quantity of RoM coal is allocated by WCL/SECL/MCL and MAHAGENCO decide for the beneficiation of the same quantity, Bidder has to accept the additional quantity for washing at the same rates, terms and conditions of the tender.

- 1.6.2** Bids with deviation in the terms and conditions of the Tender or conditional bids would be liable for rejection.

1.6.3 Benchmark Price for Coal Rejects

Particulars	Price Without GST (Rs/ Mt)	GST Applicability		Price With GST (Rs/ Mt)
		(%)	(Rs/Mt)	
Reject rebate per ton of reject SECL (Normative Yield 80%)	300	5%	15	315
Reject rebate	600	5%	30	630

per ton of reject WCL (Normative Yield 85%)				
Reject rebate per ton of reject MCL (Normative Yield 72 %)	300	5%	15	315

1.6.4 EVALUATION OF BIDS:

The Prices shall be evaluated on the basis of Average Net Outflow basis derived as per Annexure -X for each Area viz. SECL/WCL/MCL basis separately for each TPS of MAHAGENCO with the Normative Guaranteed Yield of 80% in SECL, 85% in WCL and 72% in MCL and with the GST applicability. The total railway Freight * includes the basic Rate, busy season surcharges, development charge, coal terminal surcharge and GST etc.

Further all the four components i.e. Transportation of RoM Coal from Colliery to washery, Beneficiation Charges, Transportation of Washed Coal from washery to siding and pay loading Charges shall be subject to the escalation formula.

Note

The total railway Freight charges quoted by the bidder as per actual charges including all the charges and duties i.e. busy season surcharges, development charge, coal terminal surcharge and GST, etc. applicable as on last date of on line bid submission. However, if there is any discrepancies found from the quoted railway Freight, MSMC calculate the Railway Freight as per latest Railway Freight table including all the taxes for evaluation purpose.

1.6.5 SELECTION CRITERIA:

Landed price (Per MT RoM Coal) on TPS basis separately for each TPS of MAHAGENCO (Including Railway Freight) by technically qualified bidders shall be selected successfully as above.

- 1) Railway Freight shall be paid Directly by MAHAGENCO at actual as Railway Freight is for evaluation purpose of Lowest bidder only at the time of finalization of bid.
- 2) L-1 bidders shall be decided on the basis of Landed price of beneficiated Coal at TPS End Basis for each TPS on the date of online submission of Bid and shall remain valid for currency of contract.

1.6.6 Quantity Distribution to Bidders

- 1) The quantity distribution to Category-B bidder will be restricted upto max 90 % of the quantity at respective TPS (subject to available spare capacity) at sole discretion of MSMC.
- 2) If the Category-B bidders are more than one, the quantity distribution to the L-1 bidder of Category-B shall be restricted upto max 70% of the quantity at respective TPS (subject to available spare capacity) at sole discretion of MSMC and the balance quantity to be allotted to L-2 bidder of Category-B subject to Price matching with L-1 bidder of Category-B
- 3) The quantity distribution to L-1 bidder of Category-A shall be restricted upto max 10% of the quantity at respective TPS (subject to available spare capacity) at sole discretion of MSMC, provided that the price quoted by the Category-A Bidder is lower than the price quoted by the L-1 bidder of Category-B.
- 4) If the Category-A Bidders are more than one, the aggregate quantity distribution to Category-A Bidders will be restricted upto max 10% of the quantity at respective TPS (subject to available spare capacity) at sole discretion of MSMC, provided that the price quoted by the Category-A Bidder is lower than the price quoted by the L-1 bidder of Category - B Bidder.
- 5) The total quantity to be allotted to Category-A bidders will be limited to 10% Max of the Total quantity and distributed amongst Category-A bidders considering the above clause, subject to Price matching of with L-1 bidder of Category - A and provided that the price of all Category-A Bidder should be lower than that of Lowest (L-1) Category – B Bidder and balance quantity (if any) to be allotted to Category- B Bidders.
- 6) The Category-B Bidder is to be asked to match the L-1 price of the Category-B Bidder only whereas the Category-A Bidder is to be asked to match the L-1 price of the lowest price quoted by Category- A or the Category – B bidder whichever is lower.

1.7 Other Conditions

- a) Bidders must ensure that the conditions laid down for submission of offers are completely and correctly fulfilled. It should be particularly noted that no change in proforma for Bid Guarantee is acceptable.
- b) Bids, which are not complete in all respects as stipulated above, or without Tender Fee / EMD are liable to be rejected without any intimation to the bidders. The Price Bids of only those bidders will be opened whose offers meet with the Minimum Qualifying Requirements as per Clause 1.5, and whose techno-commercial offers are acceptable to MSMC.
- c) MSMC reserves the right to accept or reject any Offer(s) without assigning any reasons thereof.
- d) MSMC also reserves the right not to order any quantity against this tender, if the rates received do not prove / work out to be economical/ beneficial to the overall interest of MSMC / MAHAGENCO, MSMC, in its sole discretion and reserves the right not to accept any such offer. In such cases, respective EMDs will be refunded to the Bidders without any interest. MSMC's decision in this regard shall be final and binding on all the Bidders.
- e) It shall not be binding upon MSMC to accept the lowest or any Bid. It shall not be obligatory on the part of MSMC to furnish any information or explanation for the cause of rejection of tender or part of the tender.
- f) MSMC reserves the right to split-up the tender quantity, as it deems fit amongst the bidders subject to Clause 1.6.6 hereinabove. The part order should be acceptable to the bidder at the same quoted rate, terms and conditions. Moreover, in the event of placement of part orders, the distribution of the tender quantity shall be at the sole discretion of MSMC and the same shall be binding to bidders subject to the Clause 1.6.6 hereinabove.
- g) The Bidder should abstain from pursuing/ canvassing the matter, directly or indirectly with any officer of MSMC, as otherwise, their Bid would be liable for disqualification.
- h) The MSMC shall have the right to make any changes, addition/ deletions or modifications in any terms/conditions of the tender and/or specifications as may be deemed necessary by the MSMC and its sole discretion at any time before and after the due date of opening of the tender. However in such a case where the modifications are carried out post the submissions of offers by the Bidders, MSMC would provide the Bidders opportunity to submit revised offers. MSMC reserves exclusive rights regarding any decision in this regard.
- i) MSMC does not accept the printed conditions of any Bidder. It will be ignored without any reference; hence should withdraw such printed conditions if they have

any.

- j) The work should be offered strictly confirming Tender Specifications given in the tender. If the tenderer desires to quote with any deviations, they should specifically quote the deviation in the body of the tender itself under heading deviation in Annexure –II attached.
- k) If, deviations furnished by the tenderer are not agreeable to the MSMC, the offers may be ignored. However, it will be solely at MSMC's discretion to consider the deviations OR not for considering the Tenderers.

1.8 VALIDITY OF OFFER:

The Bidders offer should be valid for acceptance for a period of at least 180 days from the date of opening of the Technical Bids. In case of finalization of the tender is likely to be delayed, the tenderers will be asked to extend the same without change in the prices or any of the terms & conditions of the offer.

SECTION – II
SCOPE, TERMS & CONDITIONS

2.1 SCOPE:

The contract covers lifting of 22 Million Metric Tonnes per annum or any additional quantity allocated by WCL/ MCL/ SECL of RoM' G-11 / G-13 / G-11 bands coal respectively by Road mode from the Collieries of M/s Western Coalfields Limited; M/s Mahanadi Coalfields Limited. And M/s. South Eastern Coalfields Limited, and beneficiation/ washing the coal at the Washery Plant and onward supply of Washed Coal to MAHAGENCO Power Stations through Rail-mode as per the following monthly delivery schedule for Chandrapur, Koradi, Khaparkheda, Nasik,, Bhusawal Parli & Paras TPS of MAHAGENCO.

TOTAL QUANTITY (MMT) INCLUDING BRIDGE LINKAGE (2018-19)

Quantity in Million Metric Tonnes Per Annum (MMTPA)

TPS	Chandrapur	Korad	Khaparkheda	Nasi	Bhusawa	Parl	Paras	Total	(-) Cost Plus	Final Total
WCL	15.36	5.708	1.432	2.354	4.451	3.42	2.503	35.227	5.398	29.829
SECL	0.91	1.851	2.001	0.724	2.312	-	-	7.798	-	7.798
MCL	-	1.1	3.879	-	-	-	-	4.979	-	4.979

If any additional quantity of RoM coal is allocated by SECL / MCL or WCL and MAHAGENCO decide for the beneficiation of the same quantity, bidder has to accept the additional quantity for washing at the same rates terms and conditions of the tender.

- 2.1.1 The above quantities may vary widely depending upon decision of MAHAGENCO and allocation of coal by WCL/ MCL/ SECL from time to time. MAHAGENCO reserves the right to vary the quantity of RoM Coal to be washed for each Power Station on month to month basis and quantity ordered to the successful bidder shall not be binding on MSMC.
- 2.1.2 MAHAGENCO will arrange for release of monthly payments to WCL/ MCL/ SECL for issuance of delivery orders by WCL/ MCL/ SECL to off take the required quantity of RoM coal by the Contractor as per the monthly/annual contracted quantity allotted to MAHAGENCO TPS by WCL/ MCL/ SECL. It may be noted that WCL/ MCL/ SECL generally allocates RoM Coal for the band of G-11 / G-13 / G-11 respectively for washing purpose.
- 2.1.3 The Contractor shall lift/ take delivery of RoM coal from WCL/ MCL/ SECL on behalf of MAHAGENCO as per release of Delivery Order by WCL/ MCL/ SECL. The Contractor will make necessary arrangements for transportation of RoM coal from the collieries of WCL/ MCL/ SECL Coalfields to their Washeries and shall be responsible for safe transportation of RoM coal from colliery to Washeries. It will be the responsibility of the Contractor to get right quality of RoM coal with proper top size from WCL/ MCL/ SECL.
- 2.1.4 The Weighment at colliery end for RoM coal shall be witnessed by the Contractor on behalf of the Purchaser and the Weighment sheet shall be signed by an authorized signatory of the Contractor, which shall be presented by the Contractor to MSMC while raising monthly invoices.
- 2.1.5 The Contractor shall ensure that beneficiated coal (Washed coal) is transported as per the specified quality parameters from the Washery plant to the Railway siding and the contractor has also arrange for the loading of Washed Coal into Railway rakes for dispatches to MAHAGENCO TPS.
- 2.1.6 Demurrage charges of Railways at the Washery End shall be borne by the Washery Contractor.
- 2.1.7. The Contractor will supply Washed Coal quantity at the yield of 80% in SECL, 85% in WCL and 72% in MCL respectively by beneficiation/ washing of RoM coal quantity against the monthly delivery orders issued by WCL/ MCL/ SECL for and on behalf of MAHAGENCO

The scope of work of Witnessing Joint Sampling and analysis of RoM coal at Loading end includes the following :

- 2.1.8 The sampling and analysis of RoM coal shall be carried out by TPA of CIL/ Central Institute of Mining and Fuel Research (CIMFR) at colliery ends of WCL/ MCL/ SECL as per relevant provisions of the FSA and the same shall be witnessed by Washery Contractor.
- 2.1.9 Witnessing joint Sampling and analysis with TPA of CIL/ CIMFR for the road mode

supply of G-11 / G-13 / G-11 Grade Coal to be lifted from WCL/ MCL/ SECL collieries respectively by the washery contractor(s) for the beneficiation. The same shall be carried out at the colliery ends of WCL/ MCL/ SECL and shall be done as per the provisions of the FSA (Fuel Supply agreement) between MAHAGENCO with WCL/ MCL/ SECL.

- 2.1.10 Agency shall keep daily record at loading points TPS wise and washery contractor wise, source wise of Truck/ coal rakes loaded and sampled for MAHAGENCO, their RR Nos, Challan Nos, Dates, Analysis results etc in electronic form and will submit on daily basis to concerned power stations of MAHAGENCO.
- 2.1.11 Documentation and submission of analysis results – on daily basis for RoM coal in physical form as well as in electronic form shall be submitted lot wise in three lots i.e for the coal dispatched in the periods of (1st -10th), (11th – 20th (21st – till end of the month) duly signed by the representatives of the parties witnessing the analysis at the colliery end.
- 2.1.12 The analysis results of RoM coal as per 2.1.11 above shall be submitted to the respective Power stations of MAHAGNECO, respective Loading Supervision Contractors and MSMC.
- 2.1.13 Bidder shall post round the Clock, the required qualified and experienced persons holding minimum graduation degree in Chemistry and Experience of minimum one year and other experienced staff for sampling, transportation of samples etc, for sampling and analysis of coal at various loading points as required.
- 2.1.14 Any deliberate delay of submission of the Inspection Reports shall be considered as unsatisfactory performance.

2.2 DEFINITION:

In this tender, the following terms shall be interpreted as below:

- a) The "**Purchaser**" means MAHAGENCO
- b) "**MSMC**" means Maharashtra State Mining Corporation Limited
- c) The "**Washery Contractor**" or "**Contractor**" means the Washery Contractor supplying washed coal to MSMC Power Stations.
- d) "**SECL**" means South Eastern Coalfields Limited.
- e) "**WCL**" means Western Coalfields Limited
- f) "**MCL**" means Mahanadi Coalfields Limited.
- g) "**Washery**" means Coal beneficiation plant.
- h) "**RoM Coal**" means Run of Mine Coal supplied by WCL/ MCL/ SECL to Washery Contractors on behalf of MAHAGENCO for beneficiation.
- f) "**Beneficiated Coal**" or "**Washed Coal**" means the beneficiated coal which satisfies the laid down quality parameters in this tender.
- g) "**FSA**" means The Fuel Supply Agreement executed by MAHAGENCO with WCL/ MCL/ SECL for supply of coal to the power stations of MAHAGENCO.
- h) "**ARB**" means As Received Basis.
- i) "**ADB**" means Air Dry Basis.

j) "CIMFR" means Central Institute of Mining and Fuel research.

2.3 GUARANTEED SPECIFICATIONS OF WASHED COAL:

The guaranteed parameters of Washed Coal will be as under

- a) Ash (ARB): SECL/ WCL 31 % and MCL 33 %
- b) Total Moisture (ARB): TM (ARB) of RoM Coal + 1% during dry season (Oct- June)
- c) Total Moisture (ARB): TM (ARB) of RoM Coal (+) 2% during rainy season (July-Sept.)
- d) Size: (-) 50 mm
- e) Normative Yield for SECL / WCL/ MCL area as follows:

1) SECL Normative Yield: 80% of RoM Coal

In case of analyzed Grade of RoM Coal is of G10 (4300-4600) band coal instead of G-11(4000-4300) band, the normative yield of 85% (i.e. 5% higher than the 80% yield corresponding to the RoM G-11 band shall be considered for the quantity of coal for which the G-10 band is analyzed and bonus bill/ claim is raised by SECL. Accordingly, the Revised Normative Yield (Ym) will be worked out on weighted average basis from the lot-wise quantities of RoM G-11 band and G-10 band as analyzed. Further, in case of analyzed Grade of RoM Coal is of G12 (3700-4000) band coal instead of G-11(4000-4300) band, the normative yield of 77.5% (i.e. 2.5% lower than the 80% yield corresponding to the RoM G-11 band shall be considered and bonus bill/ claim is raised by MAHAGENCO.

2) WCL Normative Yield: 85% of RoM Coal

In case of analyzed Grade of RoM Coal is of G10 (4300-4600) band coal instead of G-11(4000-4300) band, the normative yield of 90% (i.e. 5% higher than the 85% yield corresponding to the RoM G-11 band shall be considered for the quantity of coal for which the G-10 band is analyzed and bonus bill/ claim is raised by WCL. Accordingly, the Revised Normative Yield (Ym) will be worked out on weighted average basis from the lot-wise quantities of RoM G-11 band and G-10 band as analyzed. Further, in case of analyzed Grade of RoM Coal is of G12 (3700-4000) band coal instead of G-11(4000-4300) band, the normative yield of 82.5% (i.e. 2.5% lower than the 85% yield corresponding to the RoM G-11 band shall be considered and bonus bill/ claim is raised by MAHAGENCO.

3) MCL Normative Yield: 72% of RoM Coal

In case of analyzed Grade of RoM Coal is of G12 (3700-4000) band coal instead of G-13(3400-3700) band, the normative yield of 79% (i.e. 7% higher than the 72% yield corresponding to the RoM G-13 band shall be considered for the quantity of coal for which

the G-12 band is analyzed and bonus bill/ claim is raised by MCL. Accordingly, the Revised Normative Yield (Ym) will be worked out on weighted average basis from the lot-wise quantities of RoM G-13 band and G-12 band as analyzed. Further, in case of analyzed Grade of RoM Coal is of G14 (3100-3400) band coal instead of G-12(3700-4000) band, the normative yield of 68.5% (i.e. 3.5% lower than the 72% yield corresponding to the RoM G-12 band shall be considered and bonus bill/ claim is raised by MAHAGENCO.

- Quality shall be assured on 10 days weighted average basis.

- The contractor should ensure that %Ash (ARB) and %TM (ARB) of washed coal should not exceed as per specifications as above. There will be penalty in case of % Ash (ARB) and %TM (ARB) of washed coal exceed from the above specifications.

2.4 PERIOD OF CONTRACT:

The tenure of the contract will be for a period of 5 (Five) years. The Contract may be extended with mutual consent of MSMC and the contractor at the same rates, terms and conditions, for a period of 5 (Five) years at a time.

2.5 PRICE:

2.5.1 The Bidder shall quote his lowest rates in net Rs./Mt (Rupees per Metric Ton) for beneficiation (washing) of RoM Coal and supply of beneficiated (washed) coal to MAHAGENCO Power stations as per the scope of Work covered under the offer Specifications for beneficiation/ washing of RoM Coal in Price Bid Format, for transportation of RoM Coal From Collieries to Washery, Beneficiation Charges, Transportation Charges from Washery to Railway siding and for Pay loading charges for Loading of washed Coal and all the components shall be subject to Escalation / De-escalation formula as mentioned below.

The bidder shall take into account the following in their Price Offer:-

Success fee as below shall be paid by the Contractor to MSMC for payment to the Consultant within 15 days of the event (A & B below) :

(1) Success Fee –Rs 25, 00,000 on the MoU signed with Mahagenco, payable on signing of the MoU.

(2) Success Fee – Rs 25, 00,000 for selection of Contactor for MSMC.

(A) 50 % of payment shall be made after award of the work to each Contractor for item 1 & 2.

(B) Remaining 50 % of payment shall be made after Signing of the Agreement of each Contractor for item (1) & (2).

Escalation/ De-Escalation Formula For Beneficiation Charges: It shall be escalated / de-escalated on yearly basis as per below mentioned formula.

$$P1 = P0 (0.70 \times A1 / A0 + 0.30 \times B1/B0)$$

P1 = Revised rate after completion of one year from date of signing of contract

P0 = Corresponding existing rates one month preceding the date of revision.

A1 = Latest All India Wholesale Price Index as published by RBI for the month preceding the date of revision.

B1 = Latest All India Consumer Price Index for Industrial Workers as published by RBI for the month preceding the date of revision.

A0, B0 = Corresponding values of the months for the previous year

Escalation/ De-Escalation Formula For Transportation /Loading charges:

For Transportation: $P1 = P0 + (D/15 \times R)$

P1 = Revised Rate after escalation

P0 = Existing Rates

D = Distance

R = Difference in diesel prices between previous diesel rate and current diesel rate.

However the Escalation / De-escalation shall be allowed provided that the variation in the diesel prices is more than 1 %

For Loading: $P1 = P0 + .067 \times R$

P1 = Revised Rate after escalation

P0 = Existing Rates

D = Distance

R = Difference in diesel prices between previous diesel rate and current diesel rate

In case of award of the contract, the successful bidder will be paid the transportation charges as per rates quoted in the tender or negotiated price irrespective of the actual distance between collieries to Washery Plant and Washery Plant to Railway siding at the time of supply.

The Bidder should also mention the Total Railway Freight inclusive of all Taxes and duties for the distance from the Railway Siding to respective TPS. However, Railway Freight will be paid by MAHAGENCO directly to Railways as per actuals at the time of supply during the contract period

The above rate shall be inclusive of all taxes, duties, levies, etc.

The Goods & Service Tax (GST) will be paid extra at the applicable rates during the period of contract.

Out of the above rates, items (i) Transportation from Colliery to Washery and (ii) Beneficiation charges shall be payable on RoM coal quantity, and (iii) Transportation from Washery to Railway Siding and (iv) Pay-loading charges shall be payable on Washed coal quantity.

RoM coal quantity shall be worked out from the loading end Weighment (collieries) and Washed coal quantity shall be worked out from the unloading end of TPS with applicable yield..

- a) if applicable yield is 80% for the Lot then (in case of SECL) the RoM Coal Quantity for the Lot = (Washed Coal Loading End Quantity per Lot)/ 0.80
- b) if applicable yield is 85% for the Lot then (in case of WCL) the RoM Coal Quantity for the Lot = (Washed Coal Loading End Quantity per Lot)/ 0.85
- c) if applicable yield is 72% for the Lot then (in case of MCL) the RoM Coal Quantity for the Lot = (Washed Coal Loading End Quantity per Lot)/ 0.72

The prices shall be on Landed Price basis (i.e. Washing Charges + Transportation Charges from Mines to Washery +Transportation charges from Washery to Rly Siding + Rake loading Charges + Total Rail-way Freight) on TPS end (Per MT of RoM Coal) basis separately for each TPS, i.e. Chandrapur, Koradi , Khaperkheda, Nasik, Bhusawal, Parli, Paras TPS of MAHAGENCO and with the GST applicability. The total Railway Freight shall include the basic rate, busy season surcharges, development charge, coal terminal surcharge and GST etc for evaluation purpose

However, Railway Freights shall be paid directly by MAHAGENCO at actuals.

Statutory Variation: Statutory variation (increase or decrease) on account of the Goods & Service tax (GST) shall be allowed as applicable during the contractual period.

The rates quoted by the Bidder in the Price Schedule shall be deemed to cover the cost of all the relevant operations/ works mentioned in this Tender Specifications, taxes, duties, levies, etc. No claim for any incidental work shall be entertained.

All the four components i.e. Transportation of RoM Coal from Colliery to Washery, Beneficiation Charges, Transportation of Washed Coal from Washery to Railway Siding and Pay loading Charges shall be subject to Escalation / De-escalation formula as mentioned above.

The contract shall cover lifting of RoM coal by Road-mode from the Collieries of M/s. WCL, SECL and MCL , Beneficiation/ washing the coal at the Washery Plant with beneficiation process and supply of Washed Coal to MAHAGENCO Power Stations through Rail-mode only

MAHAGENCO will arrange for release of monthly payments to WCL, SECL and MCL for issuance of delivery orders by WCL, SECL and MCL to off take the required quantity of RoM coal by Contractor on behalf of MAHAGENCO as per the monthly/annual contracted quantity allotted to MAHAGENCO Power Stations by WCL, SECL and MCL.

- 2.5.5** The price shall be evaluated on Landed Price (per MT of RoM Coal) on TPS End basis separately for each TPS i.e Chandrapur, Koradi, Khaperkheda, Nasik,, Bhusawal, Parli& Paras TPS of **MAHAGENCO** with the Nominal Guaranteed Yield of 80% in SECL, 85% in WCL and 72% in MCL with applicable GST as under:.

Evaluated Price on TPS End per ton of RoM (Rs/ Mt) for SECL Area = (Tew) + (BC) + (Tws*0.8) + (PL*0.8) + (RF *0.8)

Evaluated Price on TPS End per ton of RoM (Rs/ Mt) for WCL Area = (Tew) + (BC) + (Tws*0.85) + (PL*0.85) + (RF *0.85)

Evaluated Price on TPS End per ton of RoM (Rs/ Mt) for MCL Area = (Tew) + (BC) + (Tws*0.72) + (PL*0.72) + (RF *0.72)

Where,

Tew : Transportation Charges (Colliery to Washery)

BC : Beneficiation Charges

Tws : Transportation Charges (Washery to Siding)

PL : Pay – Loading Charges

RF : Railway Freight Charges

All the above charges are inclusive of GST

Railway Freight (RF) including all taxes from Loading Railway Sidings to MAHAGENCO TPSs (Railway freight for evaluation purpose only in Rs. Per Mt)

- 2.5.6** The Bidder shall quote his lowest transportation Charges for Transportation from Colliery to washery, Beneficiation (washing) charges, Charges for Transportation from Washery to Railway Siding and Pay-Loading Charges in Rs/Mt subject to the escalation / de-escalation specified in the tender document.
- 2.5.7** Statutory Variation: Statutory variation (increase or decrease) on account of the GST shall be allowed as applicable during the contractual period.
- 2.5.8** The rates quoted by the Bidder in the Price Schedule shall be deemed to cover the cost of all the relevant operations/ works mentioned in this Tender Specification, taxes, duties, levies, etc. No claim for any incidental work shall be entertained.

Bidder shall be requested to furnish a detailed justification for the price quoted by them with detailed break-up for various costs considered in the price quoted by them, if required by MSMC.

The Railway Freight charges will be quoted by the bidder as per actual charges including all the charges taxes & duties i.e. busy season surcharge, development charges, coal terminal surcharge, GST etc applicable as on Last date of on –line bid submission. However, if there is any discrepancies found from the quoted railway Freight, , MSMC calculate the Railway Freight as per the latest Railway freight table including all the taxes for evaluation purpose.

- 2.5.9** The Bidder shall quote his minimum charges for G-11 / G-13 / G-11 band RoM coal for (-) 50 mm size crushed coal to be allotted by WCL/ MCL/ SECL respectively. However, at the time of actual supplies, if either WCL/ MCL/ SECL allocates RoM coal with (-)250 mm size, then the differential crushing charges of Rs.31/- PMT will be paid to the Washery Contractor provided that the crushing charges are not levied by the respective subsidiaries of CIL to MAHAGENCO. In case the crushing charges are levied to MAHAGENCO by respective subsidiaries of CIL, no/any crushing charges shall be claimed by Contractor.

The above price adjustment of Rs. 31/- PMT shall be considered towards the beneficiation charges payable under the contract.

2.6 DETERMINATION OF QUANTITY:

- 2.6.1** The Weighment of Washed Coal would be carried out on the In-motion Electronic Weighbridges at the Loading and Unloading Ends. The weighment at UnLoading End shall be considered for billing purpose and binding upon the parties executing the contract
- 2.6.2** As and when the Weighment of the In-motion Electronic Weighbridge at the UnLoading End is not available, the Weighment of the In-motion Electronic Weighbridge at the loading End would be allowed and binding upon the parties executing the contract.
- 2.6.3** The Chargeable Quantity of Beneficiated Coal shall be worked out by deducting Weight Correction on account of higher Total Moisture (as per clause no. 2.8.2) from the Beneficiated Coal Quantity.

CQbc = Qbc - Weight Correction

Where,

CQbc = Chargeable Quantity of Beneficiated Coal of the Lot (Mt)
Qbc = Beneficiation coal quantity (loaded and dispatched) of the lot(Mt) Weight Correction = As per clause no. 2.8.2

- 2.6.4** The Chargeable Equivalent RoM Coal Quantity shall be worked out from the lot-wise Beneficiation Coal Quantity after deduction of Recoument Quantity (Qrc) for higher Ash Content (as per clause no. 2.8.1) and Weight Correction for higher Total Moisture (as per clause no. 2.8.2).

Chargeable Equivalent RoM Coal Quantity per Lot (Mt)= (CQ_{bc} X 100 / Y_m) - Q.

Where,

CQ_{bc} = Chargeable Beneficiation Coal Quantity of the lot (Mt)

Y_m = Revise Normative Yield of the Lot (as per clause no. 2.3(e) above)

Q_{rc} = Recoupment Quantity of RoM Coal of the Lot (as per clause no. 2.8. 1)

Chargeable Equivalent RoM Coal Quantity per Month= Sum of Chargeable Equivalent RoM Coal Quantities per three Lots of the month

- 2.6.5** The Quantity of Washery Rejects per month shall be determined as a difference of the Chargeable Equivalent RoM Coal Quantity and the Chargeable Quantity of Beneficiated Coal for the month.

2.7 DETERMINATION OF QUALITY:

- 2.7.1 At Colliery / Mines end :** The sampling and analysis of RoM coal shall be carried out by TPA of CIL/ Central Institute of Mining and Fuel Research (CIMFR) at colliery ends of SECL / WCL / MCL areas respectively as per the relevant provisions of the FSA and the same shall be witnessed by washery contractor. The cost of TPA of CIL/ Central Institute of Mining and Fuel Research (CIMFR) shall be borne solely by MAHAGENCO.

At Unloading end : The sampling and analysis of Beneficiated coal shall be carried out at the unloading end (TPS) on Rake – to - Rake basis by Third Party Agency to be appointed by MAHAGENCO. The cost of Third Party Agency shall be borne equally by Washery Contractor and MAHAGENCO.

The MAHAGNECO and the Washery Contractor may appoint their representative for witnessing the sampling and analysis of Coal.

- 2.7.2** The sampling and analysis of washed coal shall be carried out in three lots per month, which will be on the basis of washed coal rakes dispatched during 1st to 10th, 11th to 20th and 21st to end of the month.

For sampling and analysis of RoM Coal, the date of lifting of RoM Coal would be considered for forming the three lots viz. 1st to 10th, 11th to 20th and 21st to end of the month. Washery contractor on the basis of analysis report of RoM Coal by TPA of CIL/ CIMFR will prepare and submit the date-wise sampling and analysis results of RoM Coal and its weighted average will be considered to derive lot-wise results.

For the beneficiated coal (washed coal), the date of RR of Rake would be considered for forming of the lots. The TPA appointed by MAHAGENCO at unloading end will announce the sampling and analysis of beneficiated coal carried out at un-loading ends on rake-to-rake basis and its weighted average will be considered to derive lot-wise results.

The quality assessment and penalties shall be applicable power stations wise. The lot-

wise results of RoM Coal and TPS-wise lot-wise results of Beneficiated Coal will be compared for quality assessment and penalties.

- 2.7.3** In case of analyzed Grade of RoM Coal is lower or higher than the stipulated band of RoM coal the normative yield as per clause 2.3 shall be applied and accordingly, the revised normative yield will be worked out on weighted average basis from the lot-wise quantities and accordingly bonus / claim shall be adjusted. The "Revised Normative Yield", so worked out, shall replace the stipulated "Normative Yield" wherever applicable for the clauses of the Tender Specification.
- 2.7.4** The sampling and analysis of Beneficiated Coal shall be as per the provision of relevant BIS.
- 2.7.5** The sampling and analysis results duly certified by the TPA of CIL/ CIMFR at loading ends of SECL/ WCL/ MCL and duly certified by TPA appointed by MAHAGENCO at unloading ends shall be binding upon the parties executing the contract.
- 2.7.6** MAHAGENCO would provide the necessary accommodation and communication facility to the representatives of the Contractor appointed at the TPS on chargeable basis as per Company's rules.

2.8 PENALTIES:

The sampling and analysis shall be carried out of RoM Coal by TPA of CIL/ CIMFR at the Colliery ends and of Beneficiated coal at the Un-loading (TPS) ends by TPA of MAHAGENCO.

The quantity of coal weighed at the loading end and weighted average results for 10 days' period based on the lot wise and on the rake-to-rake sampling and analysis by TPA at the un-loading ends will be subjected to penalties in case of any default in the specified / guaranteed parameters, as under:

2.8.1 PENALTY FOR HIGHER ASH CONTENT (ARB):

The Ash Content limit of the beneficiated coal shall be 31% for SECL /WCL & 33 % for MCL areas. If the Ash content in beneficiation Coal Increases beyond Guaranteed Ash Content by 2%, then it will be considered as raw coal and no beneficiation charges shall be payable for such quantity of Coal received in the consignment.

2.8.2 PENALTY FOR HIGHER TOTAL MOISTURE (ARB):

Total Moisture Content in washed coal shall be TM of RoM Coal (+) 1 % during dry season (Oct- June) and The total Moisture Content in washed coal shall be TM of RoM Coal (+) 2% during rainy season (July-Sept.) In case the total Moisture in

beneficiation Coal is received beyond the said stipulated limit then beneficiation charges in terms of Raw Coal received in complete consignment shall not be paid by MSMC.

2.8.3 PENALTY ON ACCOUNT OF LAPSE OF DELIVERY ORDER QUANTITY:

If the contractor fails to lift 95% of the quantity of the delivery order issued by SECL / WCL/ MCL within the validity period of DO , subject to availability of crushed coal, then the penalty @ 15% of the Notified Base Price of "G-11/ G 11 / G 13 in SECL/ WCL/ MCL area respectively band Coal shall be applicable for the quantity. The crushed coal reports from mines area of SECL/ WCL/MCL shall be ar-ranged by the Contractor. If required, MSMC on behalf of MAHAGENCO will make formal request to re-spective area office of collieries.

2.8.4 PENALTY ON ACCOUNT OF LESS DELIVERY OF WASHED COAL AGAINST THE DO QUANTITY:

If the contractor fails to deliver cumulative quantity of washed coal less 5% of the monthly DO quantity within 45 days from the date of DO then the penalty @ 15% of the Notified Base Price of allocated grade of RoM Coal of the respective command area shall be applicable for shortfall quantity. No excuse for the availability of the crushed coal or availability of rakes would be entertained.

Mont	DO Date	DO Qty (Mt)	Cum DO Qty (Mt)	Eq. Washed Coal qty (Mt)	Cum. Washed Coal qty (Mt)	Due Date (i.e 45 Days from DO)	Cum. Washed Coal qty- % Monthly Qty (Mt)
Apr	01/04/2019	125000	125000	100000	100000	16/05/2019	85000
	11/04/2019	125000	250000	100000	200000	26/05/2019	185000
	21/04/2019	125000	375000	100000	300000	05/06/2019	285000
May	01/05/2019	125000	500000	100000	400000	15/06/2019	385000
	11/04/2019	125000	625000	100000	500000	25/06/2019	485000
	21/04/2019	125000	750000	100000	600000	05/07/2019	585000
June	01/06/2019	125000	875000	100000	700000	16/07/2019	685000

June	11/06/2019	125000	1000000	100000	800000	26/07/2019	785000
June	21/06/2019	125000	1125000	100000	900000	05/08/2019	885000

As per the above example, the washed Coal quantities in the last column is to be supplied by the Due dates, failing which the penalty @15% of the Notified Base Price of RoM Coal band of respective com-mand area shall be applicable for shortfall quantity..

2.8.5 Quantity Control and Penalty for Shortages:

Quantitative Control:

The contractor shall maintain the records of Quality Control as stated below and submit the details in their monthly bills.

- a. Opening Balance of Quantity of RoM Coal to be lifted for the month
- b. Chargeable Equivalent RoM Coal Quantity Billed (Adjusted) for the month
- c. Actual RoM Coal Quantity lifted during the month
- d. Closing Balance of Quantity of RoM Coal to be lifted in next month

Where, $d = a + b - c$

Depending on the quantity of RoM Coal quantity lifted and Chargeable Equivalent RoM Coal quantity Billed (Adjusted) during the month, the Closing Balance figures may be positive or negative. The Contractor shall regulate the lifting of RoM Coal Quantity and supply of Washed Coal Quantity on monthly basis to minimize the Closing Balance (d).

At the end of the Contract, when the (d) is positive, the contractor must have supplied excess washed coal quantity in respect of the RoM Coal Quantity actually lifted and he would be entitled to lift the differential RoM Coal Quantity.

At the end of the Contract, when the (d) is negative, the contractor must have supplied less washed coal quantity in respect of the RoM Coal Quantity actually lifted and he has to deliver the balance washed coal quantity within one month time period. For any reason, if the Contractor fails to deliver the balance washed coal quantity within the time limit of one month, then the penalty for the shortage quantity would be applicable as per following formula.

2.8.6 PENALTY FOR NON-COMMENCEMENT OF SUPPLY:

If the contractor fails to supply the beneficiation coal as per the Guaranteed yield on PRORATA month to month basis against MAHAGENCO delivery order, the penalty will be imposed @ Rs 100/- per MT of beneficiation Coal received short for that month.

For the purpose of such quantity on which penalty will be applied, the raw coal quantity lifted during the calendar month as per release order of Coal company and beneficiated coal quantity received at TPS during the month (both days inclusive) will be considered. This penalty will be effective / applicable from succeeding month of commencement of contract.

At the end of the contract, if contractor fails to supply beneficiated coal against the balance raw coal available with the contractor then the cost of Raw Coal will be recovered at twice the prevailing notified rate of stipulated Grade raw Coal (Inclusive of levies, taxes, duties and STC). Such recovery will be considered after expiry of grace period of 20 days allowed

2.8.7 PENALTY FOR FINES:

In the event fines (0 - 2.5 mm) are received beyond 25 % then the penalty @ Rs15 Per Tonne for percentage rise on Prorata basis & on 10 Days weighted Average basis over the wash coal so received will be deducted

2.8.8 PENALTY FOR NON LIFTING OF RAW COAL FROM COLLARIES:

If contractor fails to lift the quantity from allocated collieries as per delivery order of MAHAGENCO/ Release Order issued by Coal Company , penalty for failed quantity shall be levied as under :

- a) Short fall upto 10% = Short fall in MT of Raw Coal X 0.25 X Benefication Charges/ MT
- b) Short fall upto 10% to 20% = Amount as per (a) + Short fall in MT over 10% of Raw Coal X 0.50 X Benefication Charges/ MT
- c) Short fall above 20% = Amount as per (b) + Short fall in over 20% of Raw Coal X 0.90 X Benefication Charges/ MT

In case the Coal stock holding exceed 15 days raw coal quantity or if MAHAGENCO reduces delivery order due to constraints on the part of Washery operator the the delivery then the delivery orders will be regulated & such regulated quantity will be considered as non lifted quantity and penalty for non lifting will be applicable as per above slabs

If coal company reduces release against the delivery order of MAHAGENCO due to constraints on the part of Washery operator, such reduced quantity will be considered

as non lifted quantity and penalty for non lifting will be applicable as per above slabs.

Repeated failure to lift entire quantity of Raw Coal by the contractor against the monthly release order may lead to the termination of work contract

If there is any short fall in taking delivery of the committed raw coal quantity on monthly basis due to non performance of the contractor and if any incentive becomes payable by MAHAGENCO to coal company, the same shall be recovered from the contractor

2.8.9 PENALTY FOR UNDERLOADING, OVERLOADING & DEMURRAGE

The contractor should ensure that the wagons are not over loaded. In case, if railways charge any penal freight, the same shall be to the account of contractor

The contractor should ensure that while loading beneficiated coal at loading end, coal is loaded to the carrying limits of the wagons prescribed by the railways and there should not be any under loading of coal . In case, of under loading of the coal the idle freight incurred shall be to the account of contractor

Any demurrages levied by Railway on account of delay in loading of Wagons be borne by the contractor.

2.8.10 PENALTY FOR SHORTAGES:

Penalty (Rs.) = Shortage Quantity x 2.0 x basic notified price of such RoM Band Coal of Respective Command area

The failure in respect of excessive shortages without any valid/ bonafied reasons may lead to termination of the Contract.

2.9 BILLING AND PAYMENT:

2.9.1 The Contractor shall raise Power Station-wise monthly invoice for the Chargeable Equivalent RoM Coal Quantity worked out from the beneficiated coal (washed coal) received at respective TPS for the month (summation of three lots of the month) at the rates accepted in the order net of rebate for reject and after providing for price adjustments & penalties as applicable based on the quality of coal assessed. The price adjustment shall be applicable in case of allotment of (-) 250 mm crushed coal (as per clause no. 2.9.3 below).

2.9.2 Penalty for the shortage at the end of the contract as per clause 2.8.5 shall be recovered after one month from the end of the contract from their last bill,

- 2.9.3** Where coal with (-) 250 mm size is allotted by WCL/ MCL/ SECL bearing RoM ' G-11 / G-13 / G-11 bands coal respectively instead of (-) 50 mm size crushed coal, in such case the Washery Contractor shall be allowed to claim differential crushing charges of Rs. 31/- PMT provided that the crushing charges are not levied by the respective subsidiaries of CIL to MAHAGENCO. In case the crushing charges are levied to MAHAGENCO by respective subsidiaries of CIL, no/any crushing charges shall be claimed by Contractor.
- 2.9.4** The Contractor shall raise Power Station-wise monthly invoices for the Beneficiation/Washing charges payable net of rebate for reject pertaining to the respective month after deduction of applicable penalties as stated under clause no. 2.9.1 above. The GST shall be indicated separately with the applicable rates and amount. The Invoices along with the documents required for drawl of payments (as per clause No. 2.9.7 below) shall be submitted to the MSMC for onward submission to the respective TPS.
- 2.9.5** The payment voucher will be prepared by MAHAGENCO's concerned power station after recovery of Railway Penalties (overloading, under loading charges, etc.), if applicable, as per clause no. 2.11 and any other deductions as per the Contractual terms and the duly audited payment voucher for releasing payments within 30 days after receipt of the monthly invoices to MSMC for onward payment to the contractor.
- 2.9.7** Following documents are to be submitted for drawl of payments.
- a) Invoice of the Contractor showing the quantity of RoM Coal actually lifted in the month, the In-motion Weighbridge Weighment of Washed Coal Rakes at the UnLoading End for the rakes supplied to TPS during the month with the lot-wise quantities, the Equivalent Quantity of RoM Coal worked out based on the Revised Yield (lot-wise), rebate for rejects, the Weight Correction (lot-wise), if any; with the applicable penalty deduction on lot basis and monthly basis, if any, as per terms of the order,.
 - b) Copy of the Delivery Order(s) issued by MCL/WCL/SECL for MAHAGENCO as the case may be against which the RoM Quantity is lifted.
 - c) Weighment sheets of RoM coal at SECL end duly certified by SECL and Washery Contractor.
 - d) Statement of lot-wise Sampling and Analysis Results of TPA of CIL/CIMFR for the RoM Coal at the Colliery Ends and lot wise Sampling and Analysis Results of TPA of MSMC for the Beneficiated Coal at the Un-Loading End.
 - e) Statement showing Rake-wise Quantity of Washed Coal received at TPS in the month (as per clause no. 2.6 above) and corresponding RR details of the rakes billed for the month.
 - f) The Quality Control details as per clause no. 2.8.5.
- 2.9.8** The Power Station and the Washery Contractor shall carry out reconciliation of quantity

and quality at interval of every 10 Days period. The monthly payments will be released within 30 days after receipt of the monthly invoices, however, the payment of the last month of any Quarter shall be released only after joint reconciliation of quantity and quality by the Washery Contractor and the Site Office for that Quarter.

2.9.9 Transfer of Washed Coal quantity from One TPS to Other TPS :

MAHAGENCO reserves the right to transfer the washed coal quantity from one TPS to any other TPS of MAHAGENCO at its sole discretion of MAHAGENCO. In case such transfer of Washed Coal quantity, the beneficiation charges will be given as per the same rates, terms and conditions as per the order.

(e.g. IF MAHAGENCO placed an order to a washery contractor for Power Station –A and in case of urgent requirement at other Power Plant –B, MAHAGENCO may instruct the washery contractor to transfer the washed coal quantity to Power Station –B, in that case washery contractor payment will be as per Power Station-A only)

2.10 SECURITY DEPOSIT:

The Contractor shall furnish the security deposit of an amount equivalent to 10% of the order value for one year quantity by way of Bank Guarantee in the format of MSMC (As per Annexure-XI) from any Nationalized Banks , Public Sector Bank, Private Sector Banks, Commercial Banks within 15 (Fifteen) days from the date of issue of LOI, by the Contractor for an amount equivalent to 10% of the order value.

After lapse of 15 days, if successful bidder not submitting SD-cum-BG, RPAD notice will be issued to the successful bidder mentioning that on failing to submit SD-cum-BG within next 07 days from the date of issue of RPAD notice, the EMD will be forfeited.

However, MSMC at their discretion may decide and extend the time for submission of SD-cum-BG. In case, when successful bidder not all responding within notice period or withdraws his offer then his EMD shall be forfeited and he will not be allowed to participate in the tenders from MSMC for the period of one year.

The Bank Guarantee shall be valid for a period upto six months after the last date of delivery period. The Bank Guarantee with validity, initially for one year, may be accepted by the Purchaser; however, the Bank Guarantee should be renewed time to time before one month from the expiry date.

In addition to the Security Deposit as above, the successful Washery Contractor shall have to submit an Bank Guarantee for such amount as per MSMC's being an amount equivalent to 10 days' quantity of RoM Coal calculated on the prevailing basic notified price of such RoM Coal (Inclusive of levies, taxes, duties and STC) in the given Proforma

2.11 OTHER ARRANGEMENTS:

- 2.11.1 The pre-payment of Railway freight at the booking stations shall be arranged by MAHAGENCO.
- 2.11.2 Washery Contractors shall arrange to obtain monthly delivery orders for lifting of RoM coal from restive areas of SECL/ WCL/ MCL, as per the advance payment made by MAHAGENCO, sanctioning monthly Rail programme, indenting with Railways and placement of empty rakes for loading of washed coal.
- 2.11.3 The Contractor shall ensure that the wagons are not overloaded. In case, if railways charge any penal freight, (excluding normal freight), as per loading advise given by the Railway offices on the basis of prevailing permissible carrying capacity of wagons, 80% of penal freight including all other charges/ Penalty charged by Railways shall be borne by the Washery Contractors. This is however subject to error and omission.
2. 11.4 The Contractor shall ensure that while loading of coal at Railway siding, coal is loaded to its permissible carrying limits prescribed by the railways and there should not be any under loading of the coal. In case of under loading of the coal, 80% of the idle freight incurred (as per loading advise given by the Railway offices on the basis of prevailing permissible carrying capacity of wagons) shall be borne by Washery Contractor. This is however subject to error and omission.
- 2.11.6 The Contractor shall ensure dispatches of coal in full rake loads and shall comply with all documentation formalities laid down by railways for charging freight on rake load basis only. In the event of failure to comply with the above, if the railways charge freight on wagonload basis, the excess freight so incurred shall be borne by the Washery Contractor.

2.12 MODALITIES AND TERMS AND CONDITIONS FOR WASHERY REJECTS:

The reject produced from the washery/beneficiation plant shall be allowed to be the property of the contractor and will be disposed of by the contractor. The bidder has to quote the credit to be passed on to MAHAGENCO on this account towards such disposal in price bid. The minimum base value of Rs. 600 PMT of rebate against reject should be considered while quoting the rate of beneficiation in WCL area whereas the minimum base value of Rs. 300 PMT of rebate against reject should be considered while quoting the rate of beneficiation in MCL & SECL area respectively. The contractor has to maintain proper record of disposal and submit it in the first week of the succeeding month to the office of MSMC. Washery operator shall be responsible for all clearances required under state/central statute for stacking, handling, prevention of fire and disposal of reject.

In case, if the final policy on disposal of Washery Rejects / middling's /surplus coal issued by MoC, GoI the same will be applicable to the bidders accordingly

2.13 RAILWAY SIDING :

- 2.13.1 Railway Siding: It is mandatory for all Vendors to have their own arrangement of Railway siding for dispatches of Beneficiated (Washed) Coal to MAHAGENCO TPS.

The Washery contractor has to clearly mention the Railway Siding in the Annexure –I

The bidder should have own private Railway siding or should have tied up with other Railways siding for dispatch of Coal. The Railway siding should be approved for coal dispatches. The railway approval for the siding for dispatch of coal shall be treated as approval for loading of Rakes with 'C' Priority. **The railway siding can be goods shed siding for loading of Washed coal to MAHAGENCO TPS.**

The contractor shall arrange to provide dedicated railway siding / railway platform for delivery of washed coal to respective TPS of MAHAGENCO so as to ensure that only washed coal loading work for MAHAGENCO is carried out from the designated railway siding / railway platform.

2.14 FORCE MAJEURE:

If, at any time during the continuance of this contract, the performance in whole or in part by either party of any obligation under this contract shall be prevented or delayed by reason of any war, hostility, act of the public enemy, civil commotion, sabotage fires, floods, explosion, epidemics, quarantine restrictions, strikes lockouts or acts of God (hereinafter referred to as "even"), then provided notice of the happening of any such event is given by either party to the other within twenty one days from the date of occurrence there of neither party shall by reason of such event be entitled to terminate this contract nor shall either party shall have any claim for damages against the other in respect of such non-performance or delay in performance, and deliveries under the contract shall be resumed as soon as practicable after such event has come to end or ceased to exist, and the decision of the Chairperson, MSMC as to whether the deliveries have been so resumed or not shall be final and conclusive.

Provided further that if the performance in whole or part of any obligation under this contract is prevented or delayed by reasons of any such event for a period exceeding 60 days, either party may at its option terminate the contract provided also that if the contract is terminated under this clause, the Purchaser shall be at liberty to take over from the Seller at a price to be fixed by the Chairperson, MSMC, which shall be final, all acceptable material in possession of the Seller or supplied by the Seller at the time of such termination or such portion thereof as the Purchaser may deem fit excepting such materials, as the Seller may with concurrence of the Purchaser elect to retain.

The penalty as per Clause No 2.8.4 shall not be imposed if the contractor has placed indents against the washed coal quantity to be delivered within the stipulated time as per Railway Rules and Railway has not provided the empty Rakes or when the MSMC / MAHAGENCO has instructed not to load rakes. However, the burden of proof the non availability of Rakes will be on washery contractor and they have to submit the authenticate document for the same. In addition to that washery contractor has to

provide availability of coal at siding and washery on daily basis.

In the event of any change in the Policy of GOI which may have material adverse effect on the performance of contract the by the Washery Contractor, the MSMC shall call upon the washery contractor to re-negotiate the terms of the contract.

2.15 TERMINATION/ CANCELLATION:

After award of Contract by MSMC, if the Contractor fails to start the execution of the Contract by the date committed by the Contractor then MSMC reserves the right to cancel the Contract without giving any notice period and without any compensation to the Contractor. In such case, Security Deposit of the Contractor will be forfeited.

Purchaser would reserve the right to cancel the contract in full or part by giving one month written notice if the performance is not satisfactory in accordance with the contract/ order or in case the contract is found uneconomical to MSMC or the MAHAGENCO as the case may be. MSMC also reserves right to terminate/ cancel the order by giving one month written notice without assigning any reason thereof.

2.16 ARBITRATION:

- 2.16.1** Except as otherwise provided in the Contract Agreement, if any dispute or difference of any kind whatsoever (a "Dispute") shall arise between the Purchaser and the Contractor in connection with, or arising out of, or relating to the Contract Agreement or the breach, termination or validity hereof, the Purchaser and the Contractor shall attempt in good faith, for a period of thirty (30) days after receipt by one party of a notice from the other Party of the existence of the Dispute, to settle such Dispute in the first instance by mutual discussions between the Parties.
- 2.16.2** If the Dispute cannot be settled within thirty (30) days by mutual discussions as contemplated by clause no. 2.16.1, the Dispute shall finally be settled by arbitration in terms of the provisions of the Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof.
- 2.16.3** The language of the arbitration shall be English, and the place of arbitration including for holding of any and every proceeding shall be Nagpur, Maharashtra.
- 2.16.4** There shall be three arbitrators. Each Party shall select one arbitrator within 30 days after giving or receiving the demand for arbitration. Such arbitrators shall be freely selected, and the Parties shall not be limited in their selection to any prescribed list. The two arbitrators selected by the Parties shall select the third arbitrator. if a Party does not appoint an arbitrator who has consented to participate within 30 days after the selection of the first arbitrator, the relevant appointment shall be made by under Indian Arbitration and Conciliation Act.
- 2.16.5** The award rendered shall be in writing and shall set forth in reasonable detail the facts of the Dispute and the reasons for the arbitrators' decision.

2.16.6 The award rendered in any arbitration commenced hereunder shall be final and binding on the Parties.

2.16.7 Notwithstanding the above, during the pendency of any arbitration, the Parties shall continue to perform their respective obligations hereunder.

2.16.8 The provisions of this Clause no. 2.16 shall survive the termination of the Contract Agreement.

2.17 JURISDICTION:

All the questions, disputes or differences arising under out of or in connection with the Tender. Contract if concluded shall be subject to the exclusive jurisdiction of the court under whose jurisdiction the place from which the tender/ Acceptance of tender is issued, is situated i.e. Nagpur Maharashtra, India.

2.18 EXECUTION:

The whole contract is to be executed to the entire satisfaction of MSMC

2.19 CONTRACTOR'S RESPONSIBILITY:

The Contractor shall be solely responsible for the execution of the contract in all respect in accordance with the conditions of the contract. Other than the force Majeure condition if the contractor fails to execute the contractual obligation as per terms and conditions of the tender and due to which if MSMC or MAHAGENCO as the case may be suffers any losses, MSMC reserves the right to recover such losses as MSMC deems fit.

2.19 TRANSFER AND SUBLETTING:

The Contractor shall not sublet transfer, assign or otherwise part with the contract or any part thereof to any third party either directly or indirectly.

2.20 ISSUES RELATED TO ENVIRONMENT AUTHORITIES / PUBLIC:

Issue related to environmental issues including public grievances (if any) shall be the responsibility of the bidder.

2.21 INDEPENDENT CONTRACTOR:

The bidders recognize and agree that the Contractor is not an agent or employee of Purchaser nor any affiliate of Purchaser and that Contractor is independent of any managerial or other control or direction by Purchaser and is free to perform, by such means and in such manner as Contractor may choose, all work in pursuance of commitments hereunder.

2.22 CONTRACTOR'S ACCEPTANCE:

Acknowledgment of the Detailed Order under the Agreement shall constitute Contractor's acknowledgment and acceptance of all provisions herein and all provisions of the Detailed Order.

2.23 RE-NEGOTIATION OF CONTRACT:

If during the contract period, whenever MSMC feels that there are significant changes in the scope of work, terms and conditions due to any reason, or the contract seems to be uneconomical to MSMC, then MSMC reserves the right to re-negotiate contract. If the negotiations fail, the contract shall be terminated by giving one month notice and MSMC reserves rights to retender the contract.

ANNEXURES TO INSTRUCTIONS TO BIDDERS

ANNEXURE I

TECHNICAL BID FORMAT

Tender Specification No. MSMC/MINING/2019/07

(This shall form the part of Technical Bid)

(To be submitted on the letter-head of the Bidder)

Bidder's Details:

1.	Office Ref No & Date :	
2.	Name of the Bidder/ Bidders (In case of JV / Consortium)	
3.	Name & Designation of the Person Signing this bid:	
4.	Full Postal Address : Telephone No: Fax No: E-mail	
5.	Details of Tender Fee DD No & date, Issuing Bank	
6.	Details of EMD : 1) BG No. & date, issuing Bank 2) Validity	
7.	Validity of the Bids	
8.	The Location/ details of Beneficiation Plant with complete address and connecting nearby Railway Siding	
(a)	Distance of Beneficiation Plant from colliery of SECL / WCL/MCL .	
(b)	Name & Distance from Beneficiation Plant to nearby Railway Siding for Loading / dispatch of Coal to MAHAGENCO.	
9(a)	Details of Experience of execution of similar Job i.e. Beneficiation of Coal and supply of washedcoal to any State Electricity Board or Central Govt Owned Company or any State owned Company or Supply to Independent Power Producer (IPP) (not Captive)	

9(b)	Please Indicate year wise RoM coal Lifted & Washed Coal dispatch by rail in last three years (in Lakh Mt Per annum)																									
10	Details of Beneficiation Plant Viz Capacity of Beneficiation Plant, Quantity of Beneficiation presently being carried out for the linked consumers and the spare capacity.																									
11. (a)	Distance from Collieries to Beneficiation Plant in KM for which transportation Charges quoted in price Schedule.																									
(b)	Distance from Beneficiation Plant to Railway siding KM for which washed Coal transportation Charges quoted in price Schedule.
